

I was astounded by the pace at which, having started from scratch, the professors have succeeded in teaching me Spanish. I have thoroughly enjoyed my three weeks Intensive Course in Arequipa and now have plenty of Spanish with which to continue my travels in Latin America.

This school was great fun, with general conversation in Spanish over morning tea a real highlight (and a great learning tool as well). I definitely recommend Arequipa in general, and the EDEAQ in particular to anyone thinking of learning Spanish.
